This is a substantial site extending to 20.8 acres in total including a large car park, greenhouses, workshop and poly tunnels. The site and location does lends itself to significant development potential as planning was granted historically for residential dwellings as well as an onsite cafe/tea room.

The Business

One of Ayrshire's only remaining retail nursery and plant centres. The business has been operating since 1958 selling a wide variety of bedding plants, baskets, planters, trees, hedging, seed potatoes, and compost to name a few. Many areas for growth within the business as its currently ran as a lifestyle business to suit the current owners. Things such as developing an online sales platform would enhance the profile of the business whilst adding another income stream. The site itself is crying out for an onsite cafe/eatery which would transform this site into more of a destination venue.
