Description

Unit 21 comprises a semi detached unit of portal frame construction with brick steel profile clad elevations.

Vehicle access to the unit is gained via a roller shutter loading door in the front elevation. Internally, the facility has a minimum clear eaves height of 4m to the gutter.

At the front of the unit there is a separate personnel entrance door.

The warehouse area benefits from a 3 phase electrical power supply, warehouse lighting and WC facilities.

Externally there is allocated car parking and loading to the front of the premises.

The unit has undergone a comprehensive programme of refurbishment works, including a new roof.
